Popular And Modern First Dance Songs

A couple's first dance as man and wife is a cherished wedding tradition. While the first dance can help set a positive tone for the reception, it also can negatively impact the festivities if a poor song is chosen. Couples may feel pressure to choose the perfect song. Yes, this is a song that the couple has selected to represent their love for each other, but it also should be one that will speak to the masses and can be thoroughly enjoyed by all. Couples want to avoid a song that does not seem to fit with the festivities. For those couples who need a little musical inspiration, turn to many of the modern hits you're bound to hear on the radio which may help you to shine in that first dance.

- "A Thousand Years" by Christina Perri: "Twi-hard" fans enjoyed this romantic song during the pivotal wedding scene between Bella Swan and Edward Cullen in the popular "Twilight" movie "Breaking Dawn." Couples looking to recreate the magic of these star-crossed lovers can embrace Perri's delicate tone and tender lyrics.
- "All of Me" by John Legend: It's been hard to escape this popular love song by R&B artist John Legend. An ode Legend wrote to his wife, this song has quickly become a popular choice for a couple's first dance.
- "I Choose You" by Sara Bareilles: This peppy song by singer/songwriter Sara Bareilles is a good choice for couples who prefer being nontraditional. It's faster paced and less sentimental than many other wedding songs.
- "Better Together" by Jack Johnson: Johnson is known primarily for his soft rock and acoustic guitar work blended with

catchy lyrics. Also an accomplished surfer, Johnson's work is enjoyed by many but may be especially prized by couples who want to their reception to be a laid back affair full of fun and whimsy.

- "I Won't Give Up" by Jason Mraz: Another acoustic ditty, this song has a country influence and talks about not giving up and staying in a relationship for the long haul.
- "I Don't Dance" by Lee Brice: Speaking of country influences, couples who want a little twang in their first dances can choose Brice's breakthrough hit. Romantic lyrics about spinning his partner around in circles despite not liking to dance illustrates what one partner will do for the other when in love. Couples can make that first moment on the dance floor a special experience by choosing modern classics for their first dances.

Seven Tips For A Great Honeymoon

A couple's honeymoon is their first real chance to relax and unwind after the hustle and bustle of wedding planning. Couples who want to make sure their first getaway as husband and wife goes off without a hitch might want to heed the following advice.

1. Start saving early. Honeymoons are expensive, so to afford the vacation of your dreams it's wise to begin saving for the honeymoon as early as possible. It may be well worth it to compromise and make sacrifices in other areas to ensure you have enough funds for your dream honeymoon getaway. Do not expect cash gifts at your wedding to pay for your trip. If you do, you may be sorely disappointed when the time comes to take off.
2. Read online reviews. Online reviews can paint an accurate picture of a potential honeymoon destination. Look at vacationer-supplied photographs to see how the accommodations match up to the resort's own marketing materials. You don't want too many surprises, such as service fees, dirty rooms or a lack of beach amenities, to ruin your trip.
3. Plan at least one exciting outing. While on your honeymoon, be sure to go on at least one adventure. Try an activity you have never done before, such as snorkeling, traveling a zip line or swimming with stingrays.
4. Pack early. After a long wedding day and reception spent dancing into the wee hours of the morning, you probably do not want to spend time packing. Pack your suitcases and travel essentials in advance of your wedding day so you have more time to sleep in before you depart for the airport. Also, remember not to over-pack. You want to have room for the souvenirs you purchase along the way.
5. Enjoy your surroundings. Put down the smartphone or tablet enough to truly enjoy your surroundings. A honeymoon is an opportunity to relax, and that may not be possible if you're tied to your devices. Friends at home can wait for your status updates and wedding pictures.
6. Splurge on something expensive. Whether it's an ultra-fancy dinner or an exotic souvenir, indulge.
7. Leave your itinerary open. After scores of wedding appointments and watching the clock, it's nice to fly by the seat of your pants.
