Recipe

HAM & POTATO SOUP

3 1/2 cups peeled and diced potatoes

1/3 cup diced celery

1/3 cup finely chopped onion

3/4 cup diced cooked ham

3 1/4 cups water

2 tablespoons chicken bouillon granules

1/2 teaspoon salt, or to taste

1 teaspoon ground white or black pepper, or to taste

5 tablespoons butter

5 tablespoons all-purpose flour

2 cups milk

Combine the potatoes, celery, onion, ham and water in a stockpot. Bring to a boil, then cook over medium heat until potatoes are tender, about 10 to 15 minutes. Stir in the chicken bouillon, salt and pepper.

In a separate saucepan, melt butter over medium-low heat. Whisk in flour with a fork, and cook, stirring constantly until thick, about 1 minute. Slowly stir in milk as not to allow lumps to form until all of the milk has been added. Continue stirring over medium-low heat until thick, 4 to 5 minutes.

Stir the milk mixture into the stockpot, and cook soup until heated through. Serve immediately.

Start the New Year With Hypnosis... It Works!

By Lori Kleinsmith, Certified Hypnotist
Pinnacle Hypnosis and Therapies

"The beauty, power and wonder of hypnosis as both a natural human phenomenon and a tool with which to help and heal lies in how it can so dramatically alter perception." What a great and accurate statement by Mark Tyrell, Co-founder of Hypnosis Downloads. Let's take a look at what Mark is saying:
"The beauty, power and wonder of hypnosis" When using hypnosis results can be remarkable. The power (your power) and beauty (your beauty) of the subconscious mind (your subconscious mind) is wondrous. You are always in control and therefore in power. When a person is hypnotized they have the ability to accept or reject any suggestions that are given by the hypnotist. They cannot surrender their will or reveal any secrets. "Natural human phenomenon" Everyone enters natural hypnotic states multiple times a day. For example: Lets say you are driving to work. You enter your car, start the engine, put it in gear and off you go to work. As you are driving your subconscious mind starts to think about other things such as what you saw on TV that morning or remembering a conversation you had with your children or spouse. Next thing you know you are pulling into your parking spot at work. You really don't remember the whole drive but you were in control of the car. You were able to brake when needed and accelerate. You still

knew what roads and turns to take. Those times your subconscious mind was thinking of other things as you were driving, you were in a natural hypnotic state and still in control. "A tool with which to help and heal in how it can so dramatically alter perception." When hypnosis is mentioned many people associate it with weight loss and smoking cessation. What many people don't know is that hypnosis is also a natural tool that helps people with stress & anxiety issues, pain management, remove fear, sports improvement, test anxiety, motivation, concentration, sexual issues, relationships, anger issues to name just a few. The deep relaxation helps to dramatically alter perception along with hypnotic suggestions given during the session by the hypnotist. You too can feel the beauty, power and wonder of hypnosis. Hypnosis, the natural, human phenomenon and tool which helps assist your healing. Hypnosis works!
Why are you suffering when help is available? Offering compassionate, motivational and individualized sessions. For more information contact: Pinnacle Hypnosis and Therapies, 400B S. Fourth St., Hamburg, PA 19526, 610-823-4160
