I Don't Need To Advertise

You're Right... There is a time **NOT** to advertise, when...

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far to busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

The time to start advertising is...
When you don't agree with all the above.

The place to start advertising is...
The one that has a combined circulation of 71,500 homes.

Light Touch Myofascial Release & Trigger Point Therapy

17 Spitzenberg Lane,
Kempston, PA 19529
610.462.6999

"Improving lives by correcting spines since 1977"

To answer a question often asked here, yes I will use manipulation but priority one to me is the muscle tissue. Since life has its accidents, falls, bumps and bruises, everyone adapts and compensates, so all have their own particular pattern of trigger point trauma. Eventually they may cause lost muscle mobility, balance and strength. In an attempt to reverse this effect I apply light pressure to the trigger point pattern until the muscle releases. With every session, the muscle starts to pull toward balance. As the muscle balance returns, the patterns fade and most clients report very satisfactory results. This approach has always made the most sense to me because the skeleton could not make a move without the soft tissue. How well it moves is what most of my forty-five years of work has been about. As for manipulation, starting with mild stretching of muscle rather than harsh spinal manipulation is much less traumatic and much more effective because it is more gentle and relaxed. Also, as the muscle tissue balances, the swelling reduces and the bones slide more easily back to juxtaposition, reducing nerve pressure, reducing pain and improving function.

READER'S **Recipe**

FRISÉE SALAD WITH HOT BACON DRESSING

1 head frisée (curly endive), torn into pieces (about 10 cups)
4 strips bacon
1 Tbsp. extra-virgin olive oil, as needed
2 Tbsp. chopped shallot

1 Tbsp. white vinegar
1 Tbsp. cider vinegar
1 Tbsp. dry red wine
1 Tbsp. sugar
Freshly ground black pepper

Put frisée in a large bowl.
Cook bacon in a skillet over medium heat until crisp. Drain on paper towels; crumble. reserve 2 Tbsp. drippings in skillet. (If you have less than 2 Tbsp. drippings, add enough olive oil to skillet to make 2 Tbsp.)
Add shallot to skillet; cook over medium heat until soft, about 2 minutes. Stir in white and cider vinegars, red wine, and sugar. reduce heat to low; cook until dressing is hot.
Pour hot dressing over frisée and toss to coat. Sprinkle with bacon and a few grinds of black pepper. Serve immediately.
