**SHRIMP & SAUSAGE w/CHEESY GRITS**

- |  |   |
|--|---|
| 1 cup stone-ground grits                           | 1 teaspoon fresh lemon juice                          |
| Kosher salt and freshly ground pepper              | 2 tablespoons hot sauce, such as Frank's Red Hot      |
| 4 tablespoons unsalted butter, room temperature    | 1 poblano pepper, seeded and cut into 1/4-inch strips |
| 6 ounces sharp cheddar, grated (1-1/2 cups)        | 1 small onion, cut into 1/4-inch-thick slices (1 cup) |
| 6 ounces andouille sausage, sliced 1/4 inch thick  | 1 cup halved cherry tomatoes                          |
| 12 ounces large peeled, deveined shrimp (about 16) | Fried eggs, for serving (optional)                    |

Stir grits into 4 cups salted boiling water. Reduce heat to medium; cook, stirring, until thickened, 10 minutes. Remove from heat. Stir in 2 tablespoons butter and cheese season to taste. Cook sausage in a large nonstick skillet over medium-high heat until browned, 6 minutes. Transfer to a plate. Add 1 teaspoon butter and shrimp to skillet; season to taste. Cook until just opaque, 2 to 3 minutes. Stir in lemon juice and hot sauce; transfer to another plate. Cook remaining butter, poblano, onion, and tomatoes, stirring once, until browned, 5 minutes. Return sausage and 1/4 cup water to skillet; cover, reduce heat to medium-low, and cook until tomatoes collapse, 1 minute more. Stir in shrimp and serve, with grits and eggs.

## A Way to Calm Fibromyalgia

As most people who have been diagnosed with Fibromyalgia know, it is considered to be a mystery of sorts. You hurt and ache all over, you feel like you have been beaten up, or hit by a truck, especially when first waking up each day. Your sleep is usually fitful and always leaves you feeling exhausted and edgy. Many have found that if they give into it and try not to overdo, it does not go away, but only seems to get worse. It is important to keep moving, find your limits and know when to give yourself a short break now and then. Massage has been highly recommended for Fibromyalgia. It helps to calm the body and allows for more restful sleep. It is advised to only have a light to

## Feeling Anxious/Stressed? Try Hypnosis!

### HOW DOES HYPNOSIS WORK?

Hypnosis is a safe and effective tool in helping you accomplish your goals. Some frequently asked questions about hypnosis:

1. Can everyone be hypnotized? No. If you are below normal intelligence, psychotic or under the age of 4 it is hard to be hypnotized.
2. Do you lose consciousness? No. You will be even more awake during hypnosis than before. Hypnosis is not sleep.
3. Do you surrender your will?

4. Must you be weak minded to be hypnotized? No. Hypnosis requires concentration, the more intelligent you are, the easier it is for you to be hypnotized.
5. Do you reveal secrets? No. You are totally aware of everything while being hypnotized, including what you say. Most sessions you do not speak.
6. Does everyone come out of

hypnosis? YES! You can readily revive yourself at any time. You are always in control.

7. What does hypnosis feel like? Many people feel extremely relaxed but fully aware during a hypnosis session.
8. How does hypnosis work? Hypnosis works with your subconscious. During a hypnosis session you are given positive and beneficial suggestions while in a trance like state. Your subconscious hears the sugges-

# What is A Town?

## A town is a group of people.

It is a school.  
 It is a city government.  
 It is churches.  
 It is industry and jobs.  
 It is retail businesses.

**They all have to work together. All must have the support of the people or there is no town.**

Give your local merchant a chance for your business and the first opportunity to make the sale. The local retailer pays the highest percentage of local taxes. They are the ones contacted first for contributions to charitable projects. They provide jobs.

Without their store you have no town.
