### Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Intermediate

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

### Fourth Of July Barbecue Essentials

The 4th of July is fast approaching and revelers across the nation are preparing to toast their independence with family and friends. For many Americans, backyard barbecues are synonymous with the Fourth of July, a day that, in the United States of America, commemorates the adoption of the Declaration of Independence by the Second Continental Congress on July 4, 1776.

Precious few Americans can say they have not been present at a 4th of July barbecue or witnessed a fireworks display honoring America's official declaration of independence from Great Britain. Hosting a July 4th barbecue for the first time may have some hosts anxious about throwing a summer soiree to remember, but fun is sure to be had if hosts remember to include the following backyard barbecue essentials this Independence Day.

**FOOD**  
 No Fourth of July barbecue is complete without food, so hosts should be sure to stock up on popular barbecue fare like hot dogs and hamburgers. Though such foods likely won't be mistaken for gourmet fare anytime soon, Fourth of July revelers often embrace the tradition of grilling up some hot dogs and hamburgers even if they tend to avoid such foods throughout the rest of the year. Hosts should not feel pressured to provide gourmet fare on July 4th, but it is a thoughtful gesture to ask guests in advance if they have any food allergies or need to avoid certain foods for other reasons.

**BEVERAGES**  
 It goes without saying that guests

will need refreshing beverages at parties held in early July, but be sure to stock up on a variety of beverages so guests are not forced to consume drinks they don't want. Be sure to have plenty of water available to guests, and provide sodas, iced tea and lemonade as well. Offer alcoholic beverages to adult guests, but don't go overboard stocking up on alcohol, as that might encourage guests to overindulge.

**GAMES**  
 Backyard barbecues are most fun when guests are entertained, so plan to have some games available for guests of all ages. Encourage guests to bring a change of clothes or swimsuits if games will involve water or something that might soil their clothing. If you have a pool, purchase some pool games so swimmers can do more than just wade in the water or take a few laps. Plan a Wiffle® ball game for kids and dig some horseshoe pits or buy a ring toss set so adults can engage in some friendly competition as well.

**SAFETY**  
 Though no one wants to think of a 4th of July celebration taking a turn for the worst, hosts must prepare for emergencies. Restock the first-aid kit if necessary and keep a constant eye on guests, especially children, to ensure everyone is having a safe and happy time. Program a list of local taxi companies into your phone so you can easily call for transportation should any guests have too much to drink during the festivities. Hosts should abstain from alcohol so they can serve as designated driver should the need arise at the end of the night.

Backyard barbecues are a staple of July 4th, and there's no reason your summer soiree can't be one to remember for years to come.

**DID YOU KNOW?**  
 The Fourth of July has been a federal holiday since 1941. Though that may seem like a long time for the country to wait to celebrate the independence it declared in 1776, the tradition of the Fourth of July, often referred to as Independence Day, dates back to the dawn of the American Revolution and the

adoption of the Declaration of Independence on July 4, 1776. Since then, July 4th has been recognized as the dawn of American independence, and celebrations that included fireworks and parades can be traced back to the 18th century. On July 4, 1777, the city of Philadelphia, which would become the first capital of the United States of America, held the first annual commemoration of American independence, and exactly one year later George Washington ordered that all of his soldiers be offered double rations of rum to commemorate the anniversary. In 1781, Massachusetts was the first state to make July 4th an official state holiday, and the day was actually declared a federal holiday by the U.S. Congress in 1870. However, that declaration did not grant a paid holiday to federal employees. That benefit came in 1941, which is why that year is now recognized as the first year when the Fourth of July officially became a federal holiday.

# Once Upon A Time....

There was an owner of a very successful hot dog stand. This owner built his business by having the best hot dogs around and by letting his customers know about them through extensive advertising. His business was so successful that he was able to send his son to a prestigious Ivy League school where his son was studying to receive his M.B.A.

One day the son came home for a break and promptly questioned his father "Dad, don't you know that there is a recession going on out there?" The father replied that his business was going very well, but the son persisted telling his father "Dad, you've got to cut back." So the father, figuring his son knew all about business, followed the son's advice. He promptly cut his advertising budget and then cut his hot dog & bun orders. Before long, business in fact did slow down. So the father replied to the son "You were right, son. Business is terrible. There is a recession going on out there."

# What Is A Town?

A town is a group of people.

- It is a school.
- It is a city government.
- It is churches.
- It is industry and jobs.
- It is retail businesses.

They all have to work together. All must have the support of the people or there is no town.

Give your local merchant a chance for your business and the first opportunity to make the sale. The local retailer pays the highest percentage of local taxes. They are the ones contacted first for contributions to charitable projects.

They provide jobs.

Without their store you have no town.

LOCAL  
MERCHANT  
A FAIR  
SHAKE
