Come And Experience Our New 3D X-ray Scanner

3D imaging provides many benefits to our patients and allows for more precise diagnosis with clearer explanations. Implant planning and treatment rises to a new level, because we can see things clearly that were not visible on regular x-rays. If you are considering implants, this technology allows us to proceed with certainty. This simple low dose scan allows us to find unexpected nerve channels in root canals, fractures and other anomalies. We will be happy to help you with any questions about this amazing new technology. Please tell your friends and family about our new capabilities.

Recipe

MAKE-AHEAD TURKEY GRAVY

- | | |
|------------------------|----------------------------|
| 1 Lg. Onion, Chopped | 4 Sprigs Fresh Thyme |
| 2 Carrots, Chopped | 2 Cloves Garlic (Optional) |
| 2 Ribs Celery, Chopped | 3 Tbls. Butter |
| 2 tsp. Vegetable Oil | 1/2 C. All-Purpose Flour |
| 2 Lg. Turkey Wings | 1 pinch Cayenne Pepper |
| 2 Tbls. Cold Water | 10 C. Cold Water |
- Salt and Ground Black Pepper to taste

Preheat oven to 400 degrees. Combine onion, carrots, celery and vegetable oil in a large roasting pan and toss to coat. Place turkey wings on top of vegetables. Place roasting pan in the preheated oven and cook until the turkey wings are browned and vegetables are caramelized and softened, 45 to 60 minutes. Transfer turkey wings and vegetables to a large stockpot. Place the roasting pan over a stovetop burner on medium heat. Pour 2 tablespoons cold water into the pan and bring to a boil, scraping up any browned bits. Transfer mixture to the stockpot and add 10 cups cold water, thyme and garlic. Bring turkey wing mixture to a boil. Reduce heat to low and simmer, uncovered, until meat falls off the bone, about 3 hours. Skim off turkey fat throughout the process and set aside 2 tablespoons. Strain turkey stock and reserve 6 cups of stock; discard all solids. Heat butter and 2 tablespoons reserved turkey fat in a large saucepan over medium heat. Sprinkle in flour and cook, whisking continuously, until it begins to smell like cooked pie crust, 2 to 3 minutes. Slowly pour in turkey stock, whisking continuously. Increase heat to high and simmer until thick and warmed through, about 5 minutes. Seasons with salt, black pepper and cayenne pepper to taste.

Where is Your WEBSITE?

We have officially entered the Golden Age of the Internet, where having a website for your business is an absolute essential. So where's your website? The Windsor Press offers affordable website design and hosting of your new website. An effective website is the cornerstone of any small business's marketing strategy, offering fundamental information 24 hours a day. There are multiple reasons why you need a website today:

- WEBSITES NEVER SLEEP**
Websites never take a break, even after business hours are over, customers still have the opportunity to browse your business's website. A website will allow your business to be open 24 hours a day, every day of the year - that's the equivalent to having an employee work around the clock, even weekends and holidays!
- INCREASES THE EFFECTIVENESS OF YOUR ADVERTISING**
Print advertisements are definitely effective components in the advertising mix, but it's the website that strengthens your company's message. Once you have a website up and running, we recommend your print advertising include your website address.
- "GOOGLE IT"**
How many times have you heard "I'll Google it?" More than ever before, people are turning away from traditional means of finding information and looking online. Your business should be at customer's fingertips when they look on any online search engine.
- INSTANT CREDIBILITY**
Have you ever had difficulty making that sale? Or convincing someone that you are the real deal? Having a website is comparable to having an online business card, containing basic information on you and your offerings, along with a way to reach you.

**CONTACT KATIE AT THE WINDSOR PRESS TODAY
FOR YOUR NEW WEBSITE**

No matter the size of your business, it is crucial to have an online presence for customers to quickly and easily find out more about your business and the products or services you have to offer.
